

WHO ARE WE?

Gladcon Africa Foundation is an NPC entity that focuses on establishing outreach that will benefit the community of local residential regions.

Our outreach is channelled through sports or recreational activities to raise funds for a cause that will benefit community through skill upliftment directories such as:

Technology equipments (Wi-Fi deployment, computer labs, scholar gadgets, etc);

Community buildings infrastructure (libraries, school labs, sports grounds, skills workshops, etc);

Labour skills facilitation programmes (engineering, mining machinery and civil, IT, etc)

The Foundation is an initiative of **Gladcon Africa**, a local company that specialises in civil and engineering majors; founded by an ambitious entrepreneur, with the interest of becoming major contributor in the mainstream economy, through sustainable job creation.
